

LOXONE SPEAKER

Art. Nr.: 200097

Flush mounted 6.5" stereo/mono switchable coaxial speaker

FEATURES

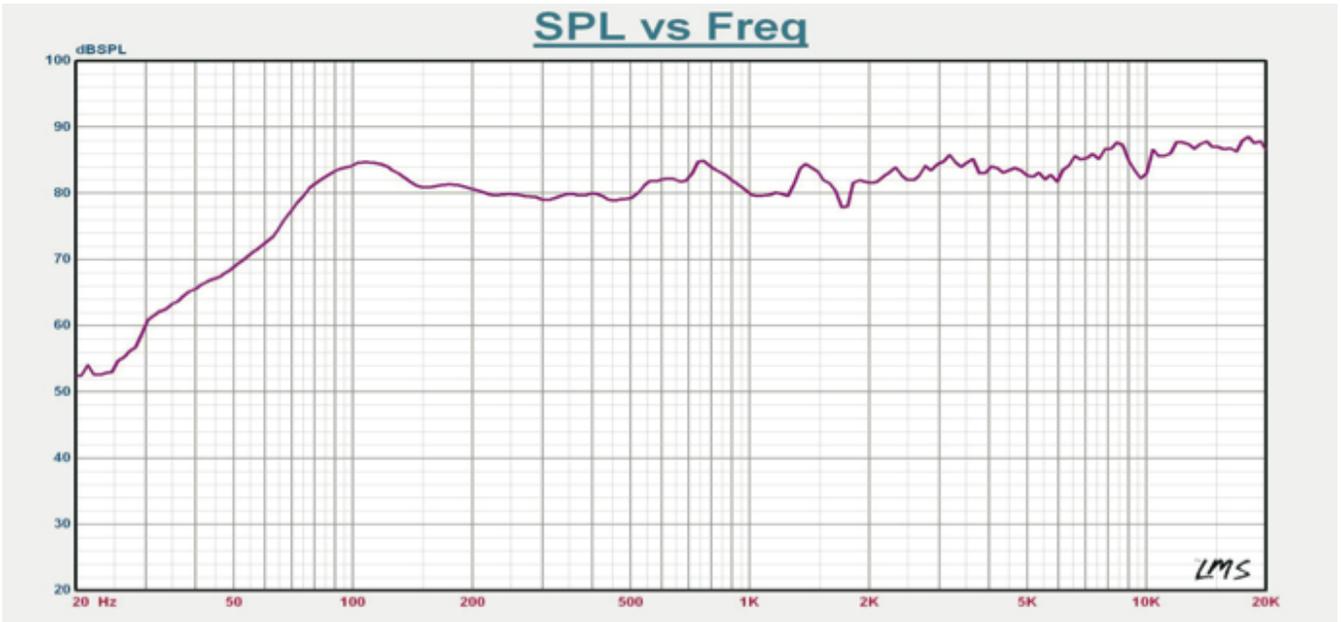

- Two coaxial tweeters
- Two way design with mono/stereo switch
- Peak power handling for woofer: 60 Watts
- 0.75" Black silk dome tweeter x2
- Ferrite magnets
- Precision wiring with circular geometry with a short circuit ring for very low distortion
- Polyamide auto protective reset switch for the tweeters

GENERAL SPECIFICATIONS

Cutout size (diameter)	204 mm/ 8.03 in
Rated power	30 W
Maximum power	60 W
Nominal impedance	8 Ω + 8 Ω
Sensitivity	86 dB
Frequency range	60-20000 H
Chassis type	Stamped steel basket
Magnet type	Ferrite
Magnet weight	286 g/10.1 oz
Voice coil diameter	25.5 mm/1.0 in
Coil material	SV
Former material	Kapton
Cone material	PP
Surround material	Rubber
Crossover	12dB Oct
