

LOXONE SPEAKER

Art. Nr.: 200097

In Wall 6.5" stereo/mono switchable coaxial speaker

FEATURES

- Two Coaxial Tweeter
- Two Way Design
mono/stereo switch
- Peak Power Handling
for Woofer:60 Watts
- 0.75"x2 black silk
dome tweeter
- Ferrite Magnetics
- Precision Circular
Wire Geometry
with short-circuit ring
for very low distortion
- polyimide auto protective
reset switch for tweeter

GENERAL SPECIFICATIONS

Cut out size: diameter	203.5 mm/8.01 in
Rated Power	30 W
Maximum Power	60 W
Nominal impedance	8 Ω + 8 Ω
Sensitivity	86 dB
Frequency range	60-20000 H
Chassis type	Stamped steel basket
Magnet type	Ferrite
Magnet weight	286 g/10.1 oz
Voice coil diameter	25.5 mm/1.0 in
Coil material	SV
Former material	Kapton
Cone material	PP
Surround material	Rubber
Crossover	12dB Oct
Operating temperature	-30°C...+70°C
